PEACE OF MIND

The biggest benefit to R.L. Brown Construction for working with Intivix is ***Peace of Mind***. I rest well at night knowing when I walk into the office the next day, our systems are fully operational, and our team will be productive and efficient.

In comparison to other IT firms we have worked with, the **full-time monitoring and proactive system maintenance is a show stopper**. That alone is enough to make Intivix our technology partner. Give them a call today!

**Dave Brown, President
R.L. Brown Construction, Inc.
Martinez, CA**
